# WHAT WE DO

Here at LW CLINIC we pride ourselves on developing & educating our students to ensure they are fully confident upon successful completion to work independently in the industry.

We offer a number of courses to suit your needs from beginners training courses to advanced work shops & mentoring sessions

During training you will get a true insight to what it is like to work in a clinic environment. Our aim is to set you up following all health & safety practices from the very start of your training.

Our courses consist of theory, practical & live model hands on work to allow you to gain as much experience on "real skin" as possible.

# WHAT OUR STUDENTS SAY ABOUT US

## SEE OUR 5 STAR REVIEWS

I did my Microblading training with Laura and I absolutely loved it. Laura was so informative and helpful and gave me lots of tricks of the trade which made her training extra special. She filled the time with lots of info and practice and was always open to questions and advice to ensure I felt confident going out there to conduct the treatment myself.

The training academy is a lovely, clean, professional area and I will definitely be going back for more training in the future. Thanks Laura.

The best training academy to go to by far! Made me feel so comfortable and proud of my work , alongside gaining so much knowledge! Definitely will be coming back to do the other courses.

The training provided by LW Clinic far exceeded all my expectations! Laura is an absolutely inspiring teacher. Laura and her clinic is highly professional and went above and beyond to ensure that I finished the course full of care and confidence. I was competent and ready to add these new skills to my new clinic. I will definitely will be training with Laura in the future and would recommend training with her each and every time.
